CREATE YOUR OWN FANTASY ADVENTURE STORY

Write and draw your very own fantasy adventure comic strip by filling in the boxes and speech bubbles. You can use characters and concepts from *Nemesis and the Vault of Lost Time* for inspiration or create your own unique world! Who would be your main characters? What would they be named? What would they say?

The comic strip template consists of seven panels arranged in three rows. The top row has two panels: the left panel has a small rectangular box at the top, and the right panel has a large speech bubble. The middle row has three panels: the left panel is empty, the middle panel has a large speech bubble, and the right panel is empty. The bottom row has two panels: the left panel has a large speech bubble, and the right panel has a small rectangular box at the bottom right.
