

Design a Conservation Poster

Create a poster that promotes wildlife conservation and raises awareness about the dangers of poaching.

Using the information and themes from *Savanna's Treasure*, a heartwarming tale about two friends in the Serengeti, design an impactful poster that advocates for protecting wildlife.

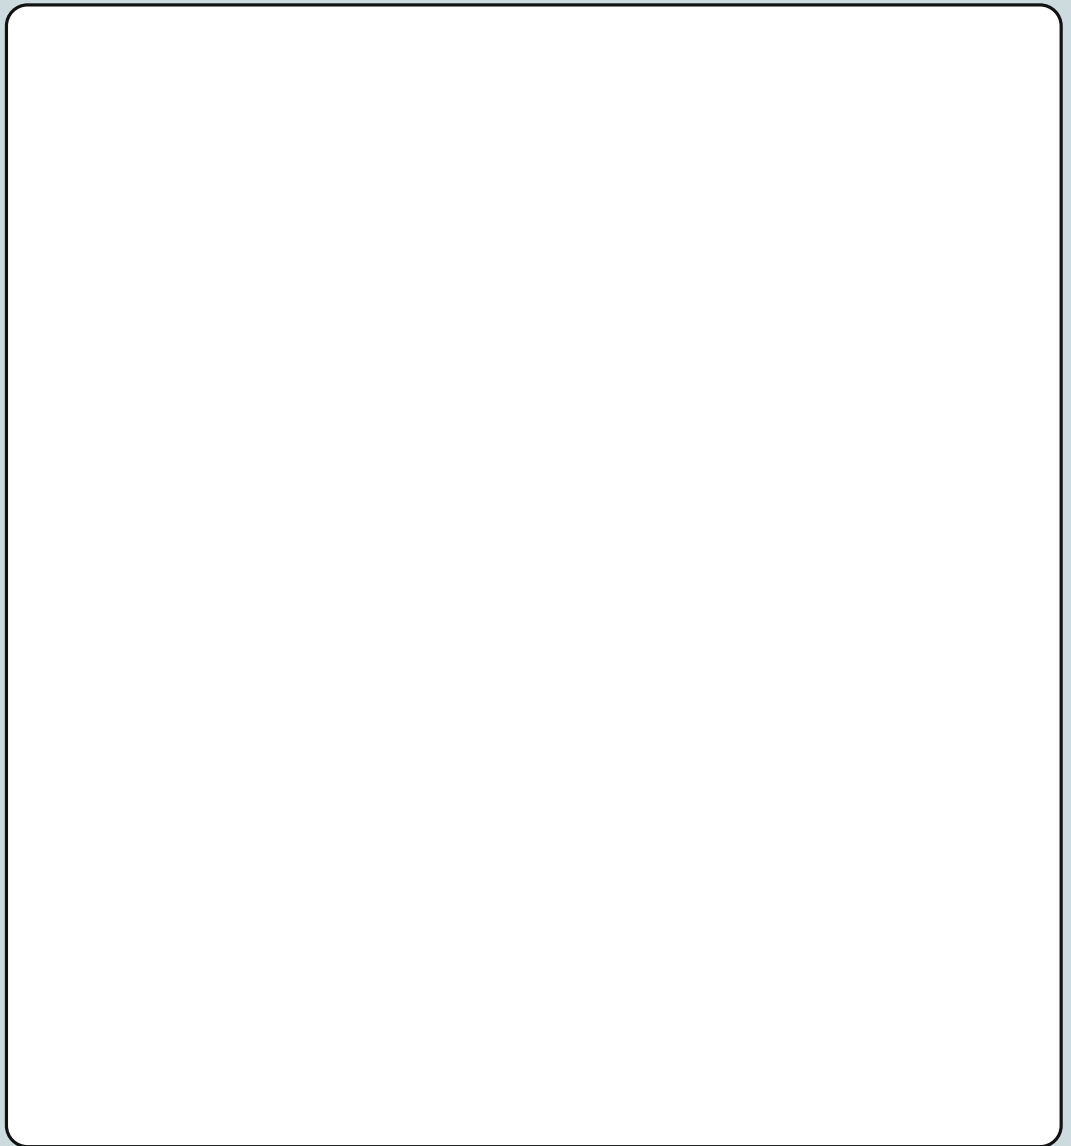

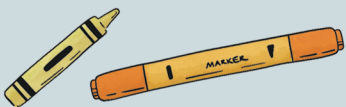

Incorporate facts about the animals and the ecosystem and create compelling slogans and illustrations discouraging poaching.

Example:

You could use the slogan **'Save the Serengeti, Save Our Future'** and draw a powerful image of a cheetah and a rhino standing together against poachers.

To bring your ideas to life, use markers, colored pencils, magazine cutouts, and anything else you can think of.

Color a Friendship Card

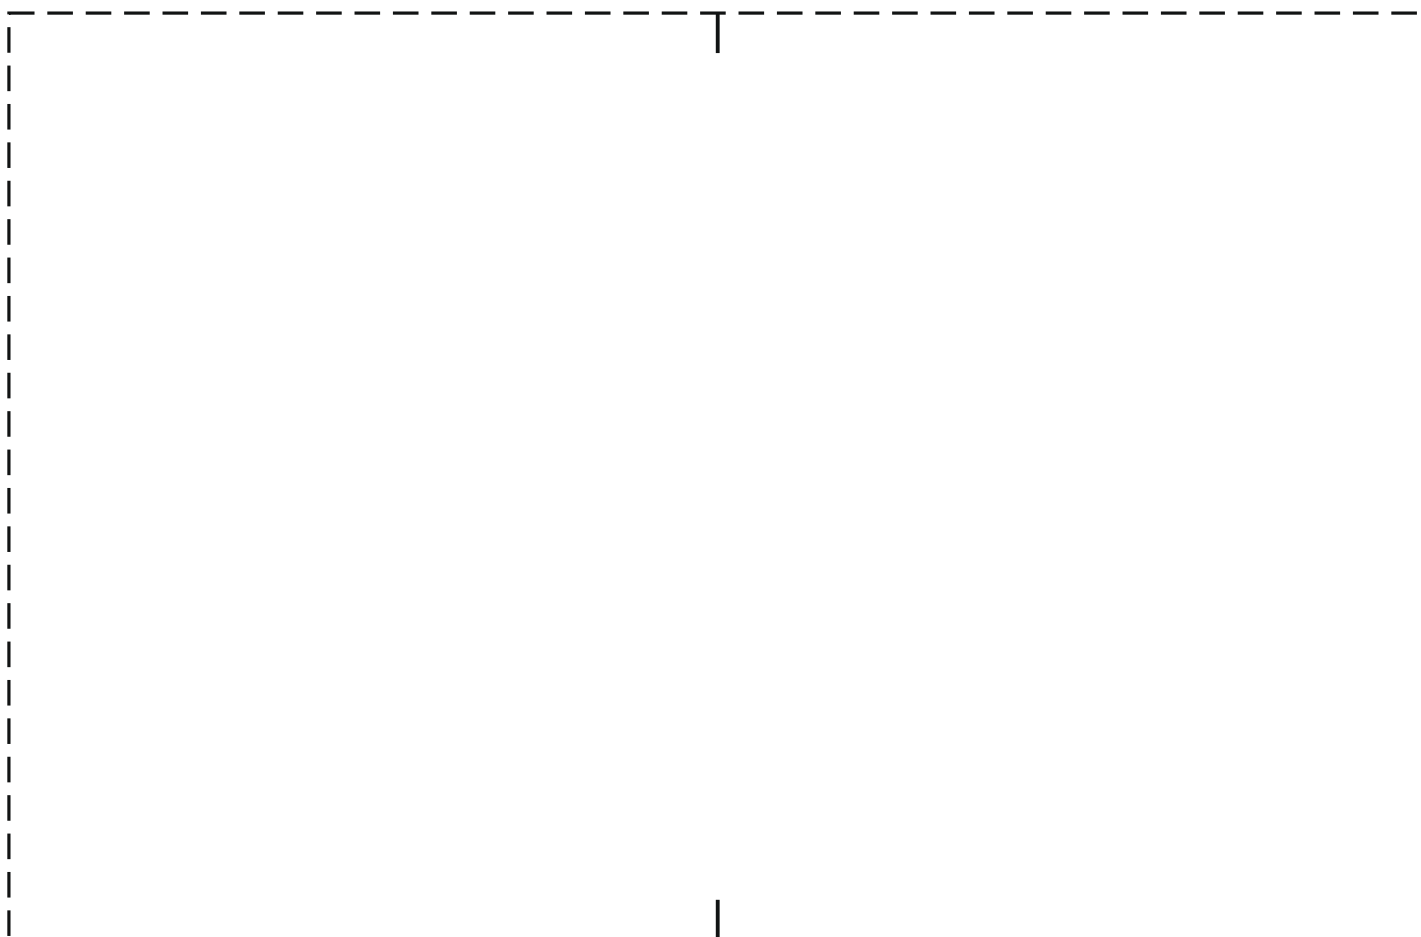

Celebrate and appreciate the power of loyal friendships, as Shamba and Kali exemplify in the story.

Reflect on a special friend who has stood by you through thick and thin, like Shamba and Kali. Personalize the friendship card, expressing your gratitude and appreciation.

Decorate the card with scenes, quotes, or lessons learned from *Savanna's Treasure* to reinforce the book's themes of friendship and loyalty.

"More importantly, you must never back down from any of life's challenges. And always remember, that I will be with you, guiding you."

1. Cut the card out along the dotted line

2. Decorate and express gratitude to your friend

3. Fold your card in half

4. Send the card to your friend
