LESSON 1: BUILD TIKI'S PERFECT HIDEOUT

MISSION: HELP TIKI CREATE A SECRET BASE!

Tiki needs a special hideout in TikiTown to plan adventures with his friends. Let's help him build it!

WHAT YOU'LL NEED:

- Paper (heavier paper works best)
- Pencils
- Crayons or markers
- Window or light table if possible

FUN AND SIMPLE STEPS:

1. Folded Paper Magic (5 minutes)

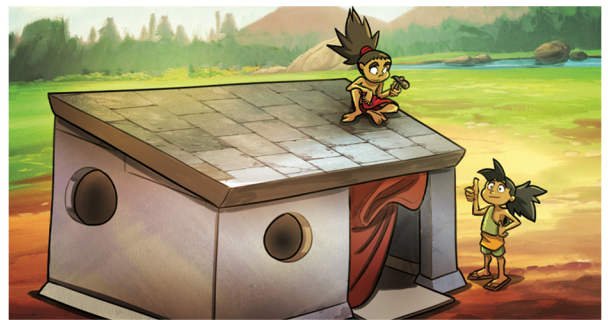

- Each student gets a piece of paper
- Help them fold it in half like a book
- This is our "building line" - everything we draw on one side we'll copy on the other!

2. Build the Hideout (15 minutes)

- On ONE side of the fold:
 - Draw half of a fun hideout (teacher can demonstrate)
 - Make it big and simple
 - Add a door or window if you want
- Now the magic part:
 - Refold the paper
 - Hold it up to the light
 - Trace what you see through the paper
 - Open to see your complete hideout!

Make It Fun:

- Pretend you're Tiki's building helper
- Think about what makes a good superhero hideout
- Share ideas about what Tiki and friends might do there
- Add decorations after completing the basic shape
- Give your hideout a cool superhero name
- Tell a quick story about what happens in your hideout

TEACHER TIPS:

- Keep designs simple - basic shapes work best
- Help with folding if needed
- Celebrate all attempts - wobbly lines make hideouts more fun!
- Display the hideouts together to create TikiTown

MISSION: PLAN TIKI'S NEXT ADVENTURE!

Tiki and his friends go on an adventure to prehistoric times. They also look forward to more adventures. Where would you like to go on an adventure with Tiki? - "The ancient artifact they needed was hidden in..."
- "To save this civilization, Tiki and his team had to..."
